

INSTITUTE OF AVIATION

There were 61 beginning freshmen enrolled in the Institute of Aviation in the Fall of 2001: 56 males and 5 females. Of these students, 54 had both HSPR and ACT:C. The persistence rates for the latter group are described in the table below. Each cell represents the number of students in the cell with that particular combination of HSPR and ACT:C. The percentage in that cell represents the percent of students who were enrolled as of the tenth day of Fall 2002.
