Fall 2007

University Office for Planning and Budgeting

The University of Illinois – one university with a common name mission and dedication to excellence and access – is made up of three distinctive institutions in Urbana-Champaign, Chicago and Springfield. The campuses have a shared commitment to excellence in teaching, research, public service, and economic development. An equally strong commitment to access to the U of I educational programs strengthens the bond the University has with the citizens of the State of Illinois.

The University enrolls over 70,000 students on its three campuses as well as on line. The programs at the U of I are the most comprehensive in the State including programs from general undergraduate education to post-doctoral studies. The University is the State's largest provider of science, engineering and health related degrees both at the undergraduate and graduate level, and produces over 17,000 degrees annually.

The University of Illinois Student Data Book presents student characteristics as well as longitudinal trends. It is intended to serve as a ready reference on issues related to student demographics at the University across three campuses.

This report is available on the internet at <http://www.pb.uillinois.edu/dr/index.cfm> and through the University Office for Planning and Budgeting, 506 S. Wright, Urbana, Illinois 61801; phone: 217-333-8313.
