9.9%	9.4%	5.2%	5.0%	1% to 3%

Note: Census: "disabled" defined as "have difficulty with..."; more comprehensive than used in universities. Disabilities Statistics Center: defined as "cannot do" but includes mental retardation and dementia, persons not likely found in baccalaureate programs. NCES, Digest of Educational Statistics: all types and levels of institutions. Big Ten Institutions: range of percents.

* Includes professional students.

** "Percent of Total" is misleading but widely used. Some disabled students do not need to seek accommodation, thus do not identify as disabled, as accommodation is built into campus life. "Disabled" does not include all the enrolled students who have disabilities.
