BACKGROUND INFORMATION CONCERNING TUITION AND FINANCIAL AID

AN UPDATE FOR FY 2011

NOVEMBER 2009

PREFACE

The original edition of this document was prepared for the Board of Trustees in 1977. Data on tuition, fees, room and board and estimated total cost of attendance were provided for the University of Illinois, and, in some cases, for other Big Ten institutions or other public or private universities. The original document and all subsequent editions are intended to serve as a reference volume with data on some of the key issues affecting the development of tuition policy without proposing any specific new policy or change in existing policies.

Determining an appropriate share of educational costs which students and their families should bear through tuition and fee charges remains a key policy issue for all universities and State legislative and executive leaders. This present volume of background information has been prepared for Board of Trustees consideration of tuition, fees and housing rates for Fiscal Year 2011. It includes a brief historical review of tuition policies, and it incorporates for reference current Board of Trustees actions on tuition principles and policy issues, along with a summary of Illinois Board of Higher Education student affordability goals. As with earlier editions, the document also includes a variety of historical and comparative data on tuition, fees and room and board charges.

BACKGROUND INFORMATION

AND BASIC DEFINITIONS

BACKGROUND INFORMATION AND BASIC DEFINITIONS

Basic Definitions: Tuition

Stated most simply, tuition is a pricing mechanism through which students (and, often, their families) share in the costs of their educational programs. Within limitations prescribed by the Board of Trustees and/or the Illinois Board of Higher Education (IBHE), tuition may be waived for students:

- ▶ On the basis of scholarship, special talent, or financial need; or
- ▶ In connection with grant or contract activities which include funds to cover costs.

Under present University policy, tuition rates vary:

- ▶ By student level, these tuition differentials reflect variations in instructional costs.
- ▶ By residency status, i.e., out-of-state students pay higher rates.
- ▶ By academic program, e.g., students enrolled in architecture and the arts, business, engineering, fine and applied arts, health information management, human nutrition, life and chemical sciences, movement sciences, nursing, undergraduate programs in five College of Agricultural, Consumer and Environmental Sciences Departments, programs in the Department of Journalism, science programs in Liberal Arts and Sciences; selected graduate programs in the Liautaud Graduate School of Business, Business Administration, Accountancy, Architecture in Health Design, Architecture Design Criticism, Museum and Exhibition Studies, Biomedical Visualization, Computing and Information Technology, Energy Engineering, Health Care Administration, Human Resources and Industrial Relations, Law, Library and Information Science, Medical Biotechnology, Occupational Therapy, Public Health, Public Administration, Social Work, Urban Planning and Policy; and the professional programs in Dentistry, Law, Master of Studies in Law, Medicine, Pharmacy, Physical Therapy and Veterinary Medicine pay charges higher than those for other students. Again, these differences generally reflect instructional cost variations.
- ▶ By campus, e.g., undergraduate and graduate students at Urbana-Champaign pay tuition rates greater than those at Chicago and Springfield.

- ▶ By distance education program, this includes a three tiered tuition structure for off-campus students at the Urbana-Champaign campus, a base tuition rate, a higher professional program rate and a variety of program specific rates.
- ▶ E-Tuition, a tuition rate associated with on-line courses and degree programs at the Chicago and Springfield campuses.
- ▶ By Global Campus online degree and certificate programs, offered in partnership with faculty on our University of Illinois campuses. Global Campus began providing quality degree programs during the Spring 2008 term. Tuition rates vary by program and residency status.
- ▶ By entering cohort, beginning no later than the fall semester of 2004, tuition for an Illinois resident undergraduate student will be guaranteed (will not increase) for a period of at least four consecutive years after that student's initial enrollment in a degree program at an Illinois public university. An excerpt of the statute pertaining to the University of Illinois, which was signed into law by Governor Blagojevich in July 2003, is listed on page 5. The University of Illinois Undergraduate Guaranteed Tuition policy is located at <http://www.vpaa.uillinois.edu/policies/index.cfm>.

Basic Definitions: Fee and Assessment Charges

Generally, student fees and assessments are charged for two purposes:

- ▶ Instructional fees are charged for unique instructional requirements which apply only to students in specific programs, e.g., flight fees for aviation students.
- ▶ Non-instructional fees are charged for student-oriented programs, activities and facilities. These fees usually apply to all students. The fee structures at each University of Illinois campus are quite similar, although not identical. Non-instructional fees include:
 - ▶ A service fee, which is composed of categories for salaries, programming, general expenses, and utilities for Auxiliary Service units such as student unions, campus recreation or athletics.
 - ▶ A general fee, which is composed of four fixed and mandatory transfer components: debt service, renewals and replacements (R&R), Campus administrative charges, and general University charges.
 - ▶ A hospital/medical fee, which supports student health services.
 - ▶ A student health insurance fee, which is assessed all eligible students unless evidence of comparable health insurance coverage is provided.

- ▶ An Academic Facilities Maintenance Fund Assessment, which addresses the deferred maintenance backlog in academic facilities.
- ▶ An Urbana-Champaign Library Information Technology Fee, which will be used to aid in the transition towards electronic media and digitalization, increase library hours, improve information technology services, strengthen opportunities for research technology and assistance, create and improve the tools for online learning/research, increase the positions focused on direct support of student learning and services, and enhance access to both electronic and print material collections.
- ▶ A Chicago Library and Information Technology Assessment, which will provide the dedicated resources needed to introduce new technologies as they develop in order to prepare students to be competitive in an increasingly technologically and sophisticated world.

In addition to these general categories, each campus has more specialized student fees. For example: students at Urbana-Champaign pay a transportation fee to acquire local bus service and maintain the SafeRides system; Urbana-Champaign students pay an energy technology fee used to purchase cleaner energy technologies; students at Urbana-Champaign pay a Collegiate Readership Program Fee which provides free weekday copies of *The New York Times*, *Chicago Tribune*, and *USA Today* to students; full-time undergraduate and graduate students and students in selected professional programs at Chicago pay a transportation fee to provide an unlimited pass for Chicago Transit Authority buses and elevated trains; and students at Springfield are assessed a recreation center fee and an athletic fee to support intercollegiate athletics. A variety of refundable fees are also assessed at each campus. Students at each campus pay a fee to provide for a student-to-student assistance program. Refundable fees at Urbana-Champaign support cultural programming, the Student Legal Service and registered student organizations, programming at the Krannert Center for the Performing Arts, a Legacy Scholarship fee, a Sustainable Campus Environment fee, and a Study Abroad fee.

Basic Definitions: Room and Board Charges

Room and board charges are set at rates sufficient to cover operating costs for the housing divisions at each campus. Normal operational factors such as salaries and wages, utilities, supplies and food stocks, and building maintenance, repair and renovation are included. In addition, the housing divisions cover an array of student programming activities of both an academic and recreational nature.

Establishing Rates and Collecting and Spending Tuition Revenue

The University of Illinois Board of Trustees has the statutory authority to set tuition rates for University of Illinois students and to collect funds based upon those rates. Beginning in FY 1997, with a change in State Statute, public universities have the authority to retain and expend locally held tuition revenue as well. Prior to FY 1997 institutions were required to deposit tuition revenue in the State Treasury and receive an appropriation before it could be expended. For public universities as a group, tuition revenue represents nearly 50% of the former “appropriated funds” operating budget comprised of State tax funds and tuition revenue. Since State tax funds remain so large a fraction of this total, the General Assembly and the Governor remain active participants in decisions about tuition levels through their ability to control tax appropriations for universities.

State statute also provides that the IBHE advise both the General Assembly and the Governor on budgetary matters for colleges and universities, keeping the IBHE another active participant in the tuition and fee setting process.

Board of Trustees Policy Statements on Tuition

Given the prominence of tuition issues, a section on tuition policy and planning issues was incorporated into the "University of Illinois FY 1992 Budget Request for Operating and Capital Funds," approved by the Board of Trustees on September 13, 1990.

In November 1990 the Board of Trustees reviewed a set of Tuition Principles which were used as the basis for University of Illinois testimony before the Joint Legislative Committee on College Tuition of the Illinois General Assembly. In July 1993 and again in August 1995, the Board convened a retreat to review tuition planning issues and updated a set of guidelines which form the underlying basis of the University's tuition program. Following that Board retreat, the Trustees reviewed a set of Tuition Policy Guidelines, which are reprinted on page 6. As a supplement to this policy in February of 2003 the Board reviewed “Ensuring Quality and Affordability: Tuition and Financial Aid at the University of Illinois” which reviewed affordability issues.

Public Agenda for College and Career Success

Initiated by the Illinois General Assembly and conducted by the Public Agenda Task Force and the Illinois Board of Higher Education (IBHE). On November 21, 2008 the Task Force endorsed the Public Agenda and it was adopted by IBHE on December 9, 2008. The goals and recommendations are listed on page 7.

STATE OF ILLINOIS UNDERGRADUATE GUARANTEED TUITION PLAN

UNIVERSITY OF ILLINOIS

PA 93-0228

Be it enacted by the People of the State of Illinois,
represented in the General Assembly:

Section 5. The University of Illinois Act is amended by
adding Section 25 as follows:

(110 ILCS 305/25 new)

Sec. 25. Limitation on tuition increase. This Section applies only to those students who first enroll after the 2003-2004 academic year. For 4 continuous academic years following initial enrollment (or for undergraduate programs that require more than 4 years to complete, for the normal time to complete the program, as determined by the University), the tuition charged an undergraduate student who is an Illinois resident shall not exceed the amount that the student was charged at the time he or she first enrolled in the University. However, if the student changes majors during this time period, the tuition charged the student shall equal the amount the student would have been charged had he or she been admitted to the changed major when he or she first enrolled.

Note: The University of Illinois Undergraduate Guaranteed Tuition policy is located at
<http://www.vpaa.uillinois.edu/policies/index.cfm>.

TUITION POLICY AND GUIDELINES*

The University of Illinois Board of Trustees upon recommendation by the Administration sets tuition charges to students according to the following considerations:

- ▶ The three campuses of the University of Illinois serve different groups of students, incur different costs and are differently perceived as to a reasonable price for their degrees. Tuition charges will therefore vary among campuses, as may the rate of tuition charge increase in any year.
- ▶ Because student access to the University of Illinois is a high priority, tuition decisions are made in relationship to financial aid policy and resources, with the goal of minimizing financial barriers for all admitted students.
- ▶ Students and families should bear a fair share of their costs of higher education.
- ▶ Insofar as tuition revenue supplements state general funds in support of university programs, tuition charges will respond to variations in state support.
- ▶ Relevant cost and price indices include the CPI, HEPI, Illinois disposable income and tuition charges at peer institutions.
- ▶ Tuition charges are expected to be higher for graduate programs than for undergraduate programs and even higher for first-professional graduate degree programs that are in highly remunerated professions or are very costly to offer.
- ▶ Tuition charges to non-resident students should cover the cost of instruction. At the undergraduate level, this is equated roughly to a 3:1 ratio of non-resident to resident tuition rates. Refinement of cost-of-instruction measures may lead to changes in that ratio, or supersede it. At the graduate level, this ratio may not be applied due to higher resident charges or competitive pressure from peer institutions.

*Reviewed by the Board of Trustees of the University of Illinois in October 1995.

PUBLIC AGENDA FOR COLLEGE AND CAREER SUCCESS

Goal 1: Increase educational attainment to match best-performing U.S. states and world countries.

Recommendation 1: Increase success of students at each stage of the P-20 education pipeline to *eliminate achievement gaps* by race, ethnicity, socioeconomic status, gender and disability.

Recommendation 2: Increase the number of adults, including GED recipients, reentering education and completing a postsecondary credential.

Recommendation 3: Reduce geographic disparities in education attainment.

Goal 2: Ensure college affordability for students, families and taxpayers.

Recommendation: Make Illinois one of the five most affordable states in the country measured in terms of a) the percent of family income required to pay net cost of attendance for low- and middle-income families, and b) the average amount of debt per undergraduate student.

Goal 3: Increase number of quality postsecondary credentials to meet the demands of the economy.

Recommendation 1: Increase the number of people with quality postsecondary credentials to ensure the state has an educated workforce and an engaged citizenry.

Recommendation 2: Improve transitions all along the education pipeline, including from adult education to postsecondary education, from remedial classes to degree-bearing coursework, and from associate to baccalaureate degree levels.

Recommendation 3: Increase the number of postsecondary degrees in fields of critical skills shortages, such as, initially, Nursing, Allied Health and Information Technology.

Goal 4: Better integrate Illinois' educational, research, and innovation assets to meet economic needs of the state and its regions.

Recommendation: Boost Illinois into the ranks of the five states with the fastest growing economies through cutting-edge research, technology transfer, workforce training, innovation education, and a culture of entrepreneurship.

Data Tables

The remaining sections of this document present a variety of information which is intended to respond to frequently asked questions about the University's tuition and fee charges. Tables are included to show specific tuition, fees and room and board data for the past ten years. A number of institutional comparisons are also provided. Instructional cost information is presented, along with several detailed displays of financial assistance data.

STUDENT COSTS

STUDENT COSTS

- ▶ Undergraduate general tuition rates at the Urbana-Champaign (UIUC), Chicago (UIC) and Springfield (UIS) campuses approximated the rate of inflation between 1999-00 and 2000-01.
- ▶ On January 18, 2001 the Board of Trustees passed a \$1,000 tuition differential for UIC and UIUC. The differential applied to all students who initially enrolled after May 6, 2001. The differential was phased-in over two years with \$500 being charged in AY 2002 and \$1,000 in AY 2003. The differential became part of the base tuition in AY 2005. Tuition rates for students who enrolled prior to May 6, 2001 were based on inflation and special campus needs.
- ▶ In addition to AY 2004 general tuition increases, non-resident students entering after May 2003 experienced an additional \$2,000 increase in tuition.
- ▶ Beginning with the Fall 2004 term, tuition for Illinois resident undergraduate degree-seeking students are guaranteed for a period of at least four consecutive years after a student's initial enrollment in a degree program. The University policy for this statutory program is listed at <http://www.vpaa.uillinois.edu/policies/index.cfm>. The four-year guaranteed general tuition rates for undergraduate students increased by 16% in 2004-05, 9% at UIUC and UIC and 14.2% at UIS in 2005-06, 9.5% at UIUC and UIC and 22% at UIS in 2006-07, 9.5% at UIUC and UIC and 14% at UIS in 2007-08, 9.5% at UIUC and UIC and 13.4% at UIS in 2008-09, and 2.6% at all campuses in 2009-10.
- ▶ Students whose guarantee expires at the end of the four years will be placed in the immediately following cohort for tuition rate purposes including students who are in differential rate programs. Students who entered in 2005-06 will now pay the 2006-07 assessment beginning with the Summer 2009 term.
- ▶ Beginning in 2005-06, UIS implemented a \$125 per semester differential for all new students to support core academic program enhancements. The differential program was phased-in over four years.
- ▶ The number of undergraduate and graduate programs being assessed differential tuition rates continues to increase. New tuition differential rates were approved at UIC for undergraduate programs in Movement Sciences and Health Information Management and the M.S. in Human Resource Management, the M.S. in Finance and the Doctor of Occupational Therapy in 2006-07. In 2007-08, two new undergraduate departmental differentials were created in the College of Agricultural, Consumer and Environmental Sciences at UIUC that will be phased-in over four years; UIC created new undergraduate and graduate differentials for science programs in the College of Liberal Arts and Sciences, a differential rate for the Liautaud Graduate School of Business, and new differentials for the B.S. in Human Nutrition, the M.S. in Architecture in Health Design, Master of Computing and Information Technology and the Master of Energy Engineering. UIUC students enrolled in the Department of Journalism began paying a differential in 2008-09; undergraduate student rates will be phased-in over four years; all graduate students will pay the higher rate. In 2009-10 new tuition differential rates were approved at UIC for the Master of Arts in Architecture Design Criticism and Master of Arts in Museum and Exhibition Studies programs; UIUC created new differentials for Graduate Programs with a concentration in Professional Science Masters and Master of Studies in Law programs.

- ▶ To further its land-grant mission to expand educational opportunities for the Illinois community the University of Illinois has established The Global Campus (GC). All degree and certificate GC programs are offered online. The programs are created in collaboration with the colleges and academic departments at the University's residential campuses at Urbana-Champaign, Chicago and Springfield. Beginning in January 2008, the GC through its partnership with UIUC began offering the Master of Education in Human Resource Education with a concentration in eLearning and through its partnership with UIC offers the Bachelor of Science in Nursing completion program. In Fall 2008 GC partnered with UIUC to offer the Master of Science in Recreation, Sport and Tourism and UIC to offer the Bachelor of Business completion program and the Master of Science in Patient Safety Leadership. In addition to the online degree programs GC currently offers eight certificate programs and one certificate exam preparation course.
- ▶ In addition to the five GC online degree programs the campuses offer 41 additional online programs, thirteen at UIUC, seven at UIC and twenty-one at UIS.
- ▶ Fees provide for partial operating support and for debt service payments for various student auxiliary service entities, exclusive of housing. In 2009-10 UIUC approved a new Collegiate Readership Program with 2009-10 rates of \$4 for full-time students. Also in 2009-10 UIS implemented a Library Information Fee assessed at \$5 per credit hour. When the mandatory fees for entering students are compared between 2008-09 and 2009-10, the rates increased by 6.3% at UIUC, 3.0% at UIC and 14.9% at UIS.
- ▶ Residence hall rates tend to change each year to meet inflationary cost increases in goods and services and to support some measure of program development. Typical double room and board rates for AY 2010 increased by 6% at UIUC, 8% at UIC and 1% at UIS.
- ▶ The campus Offices of Student Financial Aid estimate annual full-time undergraduate costs for attending the University in 2009-10 as \$25,656 at UIUC for an entering resident student, \$18,228 at UIC for an entering dependent student living with parents and \$22,216 at UIS for an entering commuter student.

¹Excludes refundable fees.

²Rate shown includes student health insurance and health service fees.

³Rate shown is for undergraduate students; graduate and professional students pay higher health insurance rates.

⁴Academic Facilities Maintenance Fund Assessment which is being phased in over four years beginning with entering students in Fall 2006.

⁵New Library Information Technology fee which is being phased in over four years at UIUC beginning with entering students in Fall 2007. Law students are assessed higher rates, \$548 in 2009-10. UIC Library Information Technology Assessment will be assessed to students entering Fall 2008 and after.

UIS Library Information Technology fee is based on 15 credit hours per term at \$5.00 per credit hour.

⁶Medical students are assessed an additional disability insurance fee. From 1999-00 through 2001-02 first and second year students paid \$70.20, third and fourth years \$87.76. Beginning in 2002-03 all students are assessed \$58.20.

⁷Only full-time undergraduate students were assessed the transportation fee (access to Chicago Transit Authority buses and elevated trains) in 2001-02. Beginning in 2002-03 all full-time undergraduate, graduate and professional students enrolled in the PharmD and DPT programs were assessed the transportation fee. The rates for 2005-06 - 2009-10 apply to all full-time students except third and fourth year Medical students.

⁸Includes the UIS Recreation Center fee.

⁹Collegiate Readership Program.

¹Includes a board contract of approximately 14 meals per week.

²Rounded to nearest percent.

³Includes a board contract of 14 meals per week.

⁴Rates listed are for the Eastside Student Residence and Commons.

⁵The rates shown are for the new Lincoln Residence Hall. Apartments were the only housing available on the Springfield campus prior to the 2001-02 academic year.

⁶The decline in rates was attributable to adjusted 2001-02 board rates (first meal plan on campus) to accommodate students lifestyle.

¹Tuition rates reflect assessments for 15 credit hours per term.

²Includes costs of textbooks and other school supplies, meals and housing, travel and personal expenses and refundable fees.

³Housing costs were adjusted to reflect a more accurate estimation of off-campus full costs.

⁴Includes the four-year guaranteed tuition rate.

⁵Includes the Academic Facilities Maintenance Fund Assessment.

⁶Estimated transportation expenses were decreased from \$1,850 to \$1,500.

⁷Estimated.

INSTITUTIONAL COMPARISONS

INSTITUTIONAL COMPARISONS

BIG TEN INSTITUTIONS

- ▶ Undergraduate general tuition and mandatory fee rates at the University of Illinois at Urbana-Champaign (UIUC) during 2009-10 are \$2,216 above the public Big Ten average.
- ▶ Undergraduate tuition and mandatory fees at UIUC ranked third among the public Big Ten institutions in 2002-03 when entering student rates increased by 16.5% and dropped to fifth in 2003-04 when rates for entering students increased by 4.6% compared to the 13.0% average increase among all other public Big Ten institutions. UIUC's rank increased to fourth place in 2004-05, third place in 2005-06 and 2006-07, and second place from 2007-08 to 2009-10.
- ▶ Since 2000-01, UIUC residence hall rates have increased by an average of \$362 or 5.4% per annum and the average residence hall rates of the other Big Ten Universities increased by \$353 or 5.4%. Comparison of residence hall rates is not as straight forward as that of tuition and fees because of differing meal plans and varying levels of service provided.

AAU PUBLIC INSTITUTIONS

- ▶ Between AY 2000 and AY 2010 UIUC has experienced a 162.6% change in undergraduate tuition and mandatory fees compared to the AAU average of 117.8%, ranking fourth among the thirty-four public AAU universities. Over the last year, the general 4-year guaranteed tuition and mandatory fees at UIUC increased by 3.5% compared to the overall public AAU average of 7.0%.
- ▶ In AY 2010 undergraduate tuition and mandatory fee rates at UIUC ranked 3/34, \$3,691 above the AAU mean.

PEER INSTITUTIONS

- ▶ The percent change in undergraduate tuition and mandatory fee rates at UIUC since AY 2000 is 162.6% for entering students ranking 2/21 among their IBHE peers. Rates in 2009-10 at UIUC increased 3.5% compared to an overall peer average of 4.5%. In AY 2010 UIUC ranks 13/21 in tuition and mandatory fees, \$13,596 below the mean. UIUC undergraduates will pay \$12,528 in general entering undergraduate tuition and mandatory fees in AY 2010, approximately one-third of the charges at the University of Chicago and Northwestern—two private institutions within the IBHE peer groups.
- ▶ Undergraduate tuition and fees for entering students at the Chicago campus (UIC) have increased 158.8% since AY 2000, placing them 3/22 among their IBHE peer group. Over the last year, rates increased by 2.7% compared to the overall peer average of 9.3%. In AY 2010, UIC tuition and mandatory fee rates are \$12,028, ranking 2/22, and \$3,439 above the IBHE peer group mean.

- ▶ The Springfield campus (UIS) increased undergraduate entering tuition and fees by 5.1% over the last year compared to 5.8% for the overall peer group. Tuition and fees at UIS are \$9,533 in AY 2010 ranking 6/15, \$6,698 below the mean.

ILLINOIS PUBLIC UNIVERSITIES

- ▶ As part of an overall reorganization of higher education in Illinois, effective January 1, 1995, the Board of Governors and the Board of Regents were dissolved. Individual Boards now govern seven of the eight institutions. The eighth institution, Sangamon State, became the University of Illinois at Springfield on July 1, 1995.
- ▶ By State statute all Illinois Public Universities beginning with the fall 2004 term, must guarantee tuition rates for four continuous academic years following initial enrollment in a degree program.

¹University of Illinois at Urbana-Champaign.

²Does not include a full 20 meal program.

³Meal point system. Amount shown includes the most popular meal plan.

⁴Includes a 19 meal plan with \$100 FlexDine.

⁵Meal point system. Amount shown includes the middle meal plan, more expensive plans are available.

⁶Ala carte meal program.

¹Rate reflect an increase in the U Pass, tuition and all other fees were not increased.

²Rates shown are for entering freshmen.

³Rate shown is for freshmen, sophomores and juniors.

⁴Rates shown are for all undergraduate students.

⁵Beginning in 2005-06 all full-time students are assessed a lower flat rate for tuition. Prior to 2005-06 tuition was calculated on a credit hour basis.

⁶Rates shown are for students entering after May 2001.

⁷Amounts shown reflect the 4-year guaranteed tuition rates for entering students.

⁸Amounts shown reflect rates for students enrolled for 15 credit hours per term.

INSTRUCTIONAL COSTS

INSTRUCTIONAL COSTS

- ▶ Illinois public universities annually participate in a Statewide "Cost Study" designed by the IBHE. The study apportions total appropriated fund expenditures to instruction, research and public service functions. Instructional costs for the University of Illinois at Urbana-Champaign, the University of Illinois at Chicago, and the University of Illinois at Springfield combined, on a full-time equivalent (FTE) student basis, have increased by 48.6% at the undergraduate level and 24.7% at the graduate level between FY 1999 and FY 2008. During the same period, the Higher Education Price Index, a measure of the cost of goods and services used in higher education, has increased by 43%.
- ▶ The Cost Study is a useful tool for comparing narrowly defined instructional costs among institutions. However, it is less well suited as a measure of total educational costs. Several significant measures of overall costs are omitted from the Cost Study. It does not include: faculty and staff retirement costs, health and other insurance benefits, institutional tuition waivers and scholarship assistance through the Illinois Student Assistance Commission (ISAC) and debt service on facilities.
- ▶ To provide a comprehensive measure for evaluating full instructional costs for education, these additional factors should be used in the calculation. IBHE Cost Study methodology calculates undergraduate instructional costs at the University to be \$9,845 in FY 2008. When full cost factors are incorporated into the calculation, instructional costs increase to \$16,586.
- ▶ When full instructional costs are utilized the University's undergraduate tuition moves from well outside the "1/3 of cost" benchmark frequently cited by the IBHE for tuition as a percent of instructional cost to nearer that historic benchmark (41.6%).

 UNDERGRADUATE INSTRUCTIONAL COSTS COMPARISON
 FY 2008

	IBHE Cost Study	Full Cost of Instruction
Instructional Costs per FTE Student	\$9,845	\$16,586
Tuition Paid Per FTE Student	\$8,903	\$6,902
Ratio	90.4%	41.6%

DIFFERENTIAL TUITION

DIFFERENTIAL TUITION

- ▶ The differential tuition rate between lower division and upper division undergraduates was established in 1981-82 at the Urbana-Champaign (UIUC) and Chicago (UIC) campuses and was eliminated in 1994-95. In 1988-89 a differential was established between undergraduates at UIC and undergraduates at UIUC. In 2004 a state law was passed that guarantees degree-seeking undergraduate students unchanged tuition rates for at least four consecutive years. In 2004-05, the first year of the guaranteed tuition program, UIUC moved from fifth to fourth place among the public Big Ten institutions. UIUC increased their ranking to third place in 2005-06 and retained that ranking until 2007-08 when they moved to second place. UIUC remained in second place in 2008-2009 and in 2009-10 when they were \$128 over the third ranked University of Michigan.
- ▶ The University established differential tuition rates for students enrolled in the College of Engineering and engineering curricula at UIUC and the College of Engineering at Chicago in 1992-93 to provide for academic program improvements. The initial tuition differentials of \$500 at UIUC and \$400 at UIC were phased in over a two-year period. In 2009-10 the engineering differentials for entering undergraduate students are \$4,318 at UIUC and \$1,924 at UIC; entering graduate engineering differential rates are \$4,318 at UIUC and \$2,080 at UIC.
- ▶ Beginning in 1993-94 UIUC students enrolled in Chemistry and Life Sciences and Architecture, Art and Music curricula were assessed differential tuition rates. These rates were phased-in over two years and the additional amounts were \$500 in Chemistry and Life Sciences, \$200 in Architecture, Art and Music at the undergraduate lower division student level, and \$400 at the undergraduate upper division and graduate student levels. The 2009-10 differential rates in Chemistry and Life Sciences curricula increased to \$4,318 for entering undergraduates and \$3,200 for entering graduates. Beginning in AY 2004 all students in the College of Fine and Applied Arts are charged an additional tuition rate and the differential between lower division and upper division undergraduates was phased-out over two years. Entering students in Fine and Applied Arts are assessed \$1,248 above the entering general rate for undergraduates and \$1,040 above the general graduate rate in 2009-10. In 2004-05, all UIUC undergraduate and graduate Business students, except those presently assessed a differential rate, e.g., the Master of Business Administration (MBA) program, are charged a differential tuition rate. Business rates are \$4,318 above the entering undergraduate general tuition rate and \$1,506 above the general graduate rate in 2009-10. In 2007-08 UIUC began two new differential rates in the College of Agricultural, Consumer and Environmental Sciences that will be phased-in over four years. In 2009-10 the differential rates are \$2,278 for the Departments of Animal Sciences, Food Science and Human Nutrition, and the Technical Systems Management Program in the Department of Agricultural and Biological Engineering, and \$1,140 for the Departments of Crop Sciences and Natural Resources and Environmental Sciences. The Department of Journalism began assessing tuition differential in 2008-09; there is a four-year phase-in of the undergraduate differential and all graduate students are assessed the differential rate. The 2009-10 differential rates in the Department of Journalism are \$728.

- ▶ UIC began undergraduate tuition differential rates for students in the College of Nursing and the College of Architecture and the Arts programs in 2004-05, \$430 above the undergraduate base rate. In 2009-10 the differential rates for entering students are \$3,504 for Nursing and \$2,000 for Architecture and the Arts. Beginning in 2006-07 entering undergraduate students enrolled in the College of Business Administration and the B.S. in Movement Sciences were assessed an additional \$500 above the base rate and the B.S. in Health Information Management entering undergraduate students were assessed an additional \$1,000. The differential rates were \$1,500 in the College of Business Administration, \$1,000 for B.S. in Movement Sciences, and \$1,650 for the B.S. in Health Information Management during 2009-10. UIC began five new differential tuition rates in 2007-08 and are assessed the following differential rates in 2009-10: undergraduate and graduate science programs in the College of Liberal Arts and Sciences, \$1,400 above the general base rates; the B.S. in Human Nutrition, \$630 above the general undergraduate base rate; M.S. in Architecture in Health Design \$8,000 above the general graduate rate; and the Master of Energy Engineering \$6,336 above the general graduate rate. UIC began two new differential tuition rates in 2009-10; the differential rate for the M.A. in Architecture Design Criticism was \$4,000 and the differential rate for the M.A. in Museum and Exhibition Studies was \$5,000.
- ▶ The UIUC and UIC campuses assess additional graduate differential in the following programs. At UIUC the differential rates above the general graduate rate are Library and Information Science-\$1,838, Master of Accounting Science and the M.S. in Accountancy-Tax-\$11,432, Master of Human Resources and Industrial Relations-\$6,232, Master of Social Work-\$936, and Graduate Degree Programs with a concentration in Professional Science Masters-\$12,000. The UIC differential rates are Liataud Graduate School of Business-\$8,200, Biomedical Visualization-\$5,940, M.S. in Medical Biotechnology-\$6,446, M.S. and Doctor of Occupation Therapy-\$3,800, entering master's and doctoral students in Public Health-\$3,148, master's and doctoral programs in Public Administration-\$4,000, Urban Planning and Policy-\$5,000, master's and doctoral programs in Social Work-\$766, Master of Science in Health Design-\$8,000, Master of Arts in Architecture Design Criticism-\$4,000, and Master of Arts in Museum and Exhibition Studies-\$5,000.
- ▶ In 2003-04 entering graduate students were assessed higher rates than entering undergraduate students, the differences were \$628 at UIUC and \$750 at UIC. In 2009-10 the entering undergraduate tuition rate at UIUC surpassed the entering graduate rate by \$166. At UIC the entering graduate rate is \$530 higher than entering undergraduate rate in 2009-10. Graduate tuition and fees at UIUC ranked fourth among the public Big Ten institutions in 2009-10, \$586 ahead of fifth place Michigan State University.
- ▶ To expand and revitalize the academic program leading to the Master's of Business Administration, a special instruction fee was assessed Urbana-Champaign students in 1989-90 and Chicago students beginning in 1993-94. In 2009-10 MBA students will pay additional tuition of \$8,182 at UIUC and \$8,200 at UIC over general graduate rates. UIUC had a sixth place MBA ranking among the Big Ten Institutions in 2009-10, \$974 below the fifth ranked Michigan State University and \$956 above the seventh ranked Penn State University.
- ▶ Students enrolled in graduate Law programs began paying the professional program tuition rate in 1998-99.

- ▶ A differential tuition rate was enacted for Law in 1981-82, for the Doctor of Pharmacy in 1993-94 for the Doctor of Physical Therapy in 2001-02, and for the Master of Studies in Law in 2009-10. These were added to the differential professional rates already in place for Dentistry, Medicine and Veterinary Medicine. In 2009-10 Dentistry ranks second among the public Big Ten institutions; Law retained their third place ranking when comparing the entering rate increase of 16.5%; Medicine rates remained third within Big Ten institutions; Pharmacy retained their first place ranking with an 8.5% increase; and Veterinary Medicine retained their third place ranking.
- ▶ UIUC also offers “full cost recovery” programs, all costs are met through a combination of tuition and fee charges, in the Executive Master of Business Administration, Master of Science in Technology Management, Master of Science in Finance, Master of Science in Economics - Policy Economics, Master of Science in Accountancy and Master of Science in Accountancy - Tax.

¹AY 2002 - AY 2004 rates are for students entering after May 2001. The AY 2005 thru AY 2010 rates reflect the 4-year guaranteed base tuition assessment for entering students.

²The rates for AY 2006 - AY 2010 are weighted averages of new and continuing lower and upper division undergraduate rates.

³Rates for the College of Literature, Science and the Arts.

⁴AY 2003 - AY 2010 rates are for new students.

⁵AY 2004 - AY 2010 rates are for entering students.

FINANCIAL AID

FINANCIAL AID

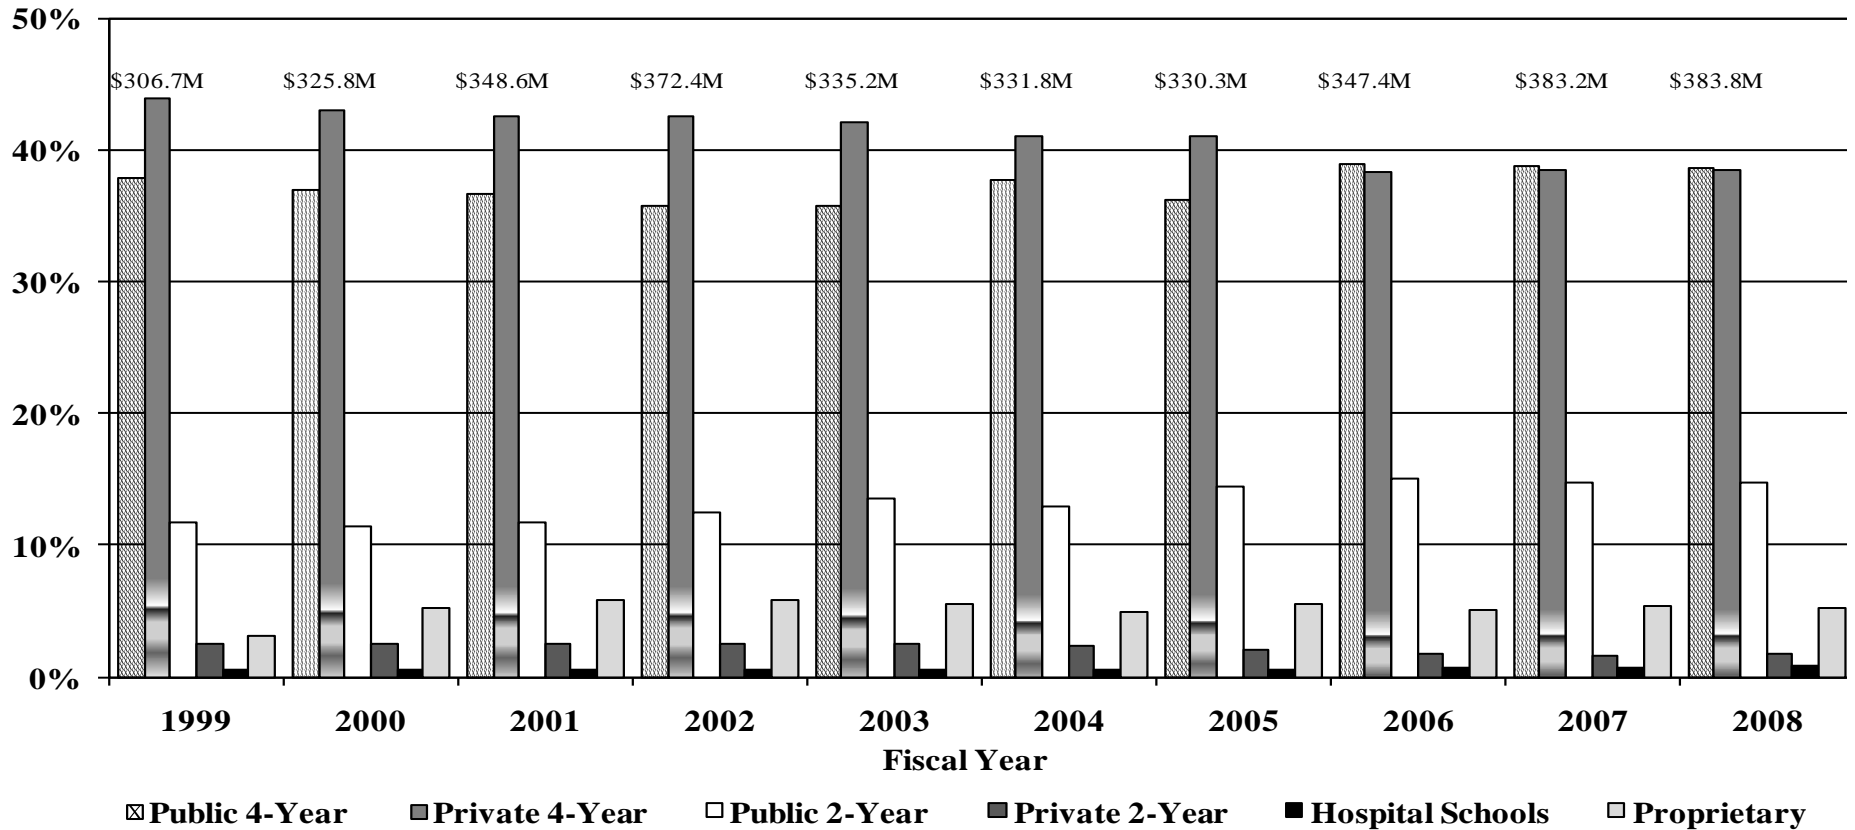

- ▶ Students may receive financial aid from gift assistance, loans or employment. Approximately seven-tenths of the undergraduate students at Urbana-Champaign (UIUC), four-fifths of the undergraduate students at Chicago (UIC), and over four-fifths of the undergraduate students at Springfield (UIS) were recipients of some form of financial aid during FY 2009.
- ▶ The Federal Pell Grant program provides aid to meet educational and living costs beyond tuition and fees. The average award per recipient of such Federal grants in FY 2009, were \$3,429 at UIUC, \$3,432 at UIC and \$2,965 at UIS. In FY 2009, two-fifths of UIUC and one-half of UIC undergraduate students received Federal Direct loans and three-fifths of the undergraduate students at UIS received Federal Family Education Loan Program (FFELP) loans. These loan programs averaged \$9,380, \$8,535 and \$7,384, respectively, per recipient.
- ▶ The "State" scholarships or grants to undergraduate students represent primarily Illinois Student Assistance Commission (ISAC) awards which are based upon financial need and merit. The average ISAC need-based Monetary Award Program (MAP) grant in FY 2009 varied from \$4,274 at UIUC, \$3,964 at UIC and \$3,190 at UIS. Public four-year institutions received \$1.2 million more in MAP payouts than Private four-year institutions in FY 2008.
- ▶ Tuition and mandatory fee rates for undergraduate students at UIUC and UIC surpassed the maximum MAP award beginning in FY 1996, \$58 and \$74, respectively. By AY 2009 the gap between entering full-time students and the maximum MAP award increased to \$7,138 at UIUC, \$6,742 at UIC and \$4,101 at UIS.
- ▶ In FY 2008, Illinois ranked eighth nationally in state spending for student aid, down from second place in FY 1999, according to statistics published by the National Association of State Student Grant and Aid Programs. During FY 2008 Illinois spent 13% of their higher education budget on need based student aid compared to the national median of 5.9%.
- ▶ When all forms of student assistance, except loans and employment, were compiled for undergraduates in the Fall 2008 term, only 54% of UIUC, 45% of UIC and 32% of UIS students paid full tuition and fees.
- ▶ In Fall 1991, the General Assembly placed into law an Act to provide 50% tuition waivers for undergraduate education for children of employees of State-supported colleges and universities. In January 1998, this benefit became portable between Illinois Public Universities. In FY 2009, University of Illinois students received 940 children of employee waivers, 719 at UIUC, 176 at UIC and 45 at UIS.

FIGURE 3
FINANCIAL AID "WHO PAYS" ANALYSIS
UNDERGRADUATE STUDENT ASSISTANCE
FALL 2008

Based on Fall 2008 Full-time Undergraduates.

TABLE 35
 FINANCIAL AID "WHO PAYS" ANALYSIS
 UNDERGRADUATE STUDENT ASSISTANCE
 Fall 2008

Methodology:

- This analysis includes all forms of student assistance except loans and employment: Pell grants, ISAC awards, private scholarships, institutional awards, and grants, and tuition waivers. It includes both need-based and non need-based awards.
- Data are reported for full-time undergraduate students, those taking at least twelve semester credit hours.
- Tuition and mandatory fee rates include the actual assessed amounts for both in-state and out-of-state students.
- Full Costs exclude room and board charges.
