FALL 2025

EXPLANATORY NOTES

Data Source

Data for this study come from the final Salary Planner file for Fall 2025 which uses EDW HR-Pay system records of any tenure system faculty who had at least one active job record on October 10, 2025.

Personnel Included

The Faculty Salary Study includes only full-time faculty and other academic personnel budgeted at least 50 percent in instruction, research, and/or extension. Only those holding the rank of professor, associate professor, assistant professor, instructor, or lecturer are included in this report. Those in ranks below Lecturer or with no formal academic rank are excluded. Full-time faculty on sabbatical leave and special leave with pay are included, but faculty on disability leave or leave without pay are excluded. Postdoctoral research associates and library faculty are excluded. Visiting, adjunct, and emeritus faculty are also excluded. Administrative, professional, and department head appointments are included only for persons who meet the full-time, 50 percent faculty requirement. **Departments with fewer than 3.00 total faculty FTE are not shown in this report but are included in College and Campus total FTE counts.**

Data Elements

This report was prepared in connection with University data exchange activities. Salary data are reported in conformance with specific survey criteria. Use of data for other comparisons may be misleading.

- **C.I.P. Code:** The 6-digit C.I.P. code listed with each department or other unit is the identification compatible with the National Center for Education Statistics' "A Classification of Instructional Programs" (2020). No C.I.P. code is given for a few departments in the report; these are generally non-instructional units for which no valid C.I.P. code exists in the NCES classification.
- **Salary Data:** All data reflect budgeted pay rates, all sources of funds, approved by the University of Illinois Board of Trustees for FY 2026.
- **Fringe Benefits:** Fringe benefits consist of \$23,495.10 (UIC), \$22,377.25 (UIS), or \$22,219.44 (UIUC) for annual state contributions toward hospital, medical and dental insurance (family coverage); 0.026% of cash salary provides for life insurance of 100% of gross annual salary; 11.88% provides for benefits under the State Universities Retirement System — consisting of Retirement Annuities (11.53%) and Disability Benefits (0.35%); another 0.4% provides for Workers' Compensation.

In compliance with federal law, the University of Illinois pays the FICA Medicare tax (1.45%) for employees hired after March 31, 1986, in positions not covered by Social Security. Each such employee must also pay the tax. Nearly all University faculty are covered by the FICA Medicare tax.

Benefits are usually paid from the accounts from which a person receives salary. Thus, for persons paid from state appropriations, hospital, medical, and life insurance benefits are paid directly by the State of Illinois. Benefits are charged in full to federal accounts or trust funds for individuals whose salaries are paid from those sources of funds.

- **Full-Time Equivalent:** Only full-time faculty are considered in this study. Faculty full-time equivalent percentages (i.e., FTE) are counted by department, and average salaries are adjusted for FTE. (For example, a salary of \$50,000 at 0.5 FTE would be reported as \$100,000.) Minimum and maximum salaries are also reported on an FTE basis.
