BACKGROUND INFORMATION CONCERNING TUITION AND FINANCIAL AID

AN UPDATE FOR FY 2026

FEBRUARY 2025

PREFACE

The original edition of this document was prepared for the Board of Trustees in 1977. Data on tuition, fees, room, and board and estimated total cost of attendance were provided for the University of Illinois, and, in some cases, for other Big Ten institutions or other public or private universities. The original document and all subsequent editions are intended to serve as a reference volume with data on some of the key issues affecting the development of tuition policy without proposing any specific new policy or change in existing policies.

Determining an appropriate share of educational costs which students and their families should bear through tuition and fee charges remains a key policy issue for all universities and State legislative and executive leaders. This present volume of background information contains tuition, fees, and housing rates as of Fiscal Year 2026. It includes a brief historical review of tuition policies, and it incorporates for reference current Board of Trustees actions on tuition principles and policy issues, along with a summary of Illinois Board of Higher Education student affordability goals. As with earlier editions, the document also includes a variety of historical and comparative data on tuition, fees and room and board charges.

BACKGROUND INFORMATION

AND BASIC DEFINITIONS

BACKGROUND INFORMATION AND BASIC DEFINITIONS

Basic Definitions: Tuition

Stated most simply, tuition is a pricing mechanism through which students (and, often, their families) share in the costs of their educational programs. Within limitations prescribed by the Board of Trustees and/or the Illinois Board of Higher Education (IBHE), tuition may be waived for students:

On the basis of scholarship, special talent, or financial need; or

In connection with grant or contract activities which include funds to cover costs.

Under present University policy, tuition rates vary:

By student level, these tuition differentials reflect variations in instructional costs.

By residency status, i.e., out-of-state students pay higher rates.

By academic program, e.g., students enrolled in architecture and the arts, business, engineering, fine and applied arts, health information management, human nutrition, life and chemical sciences, movement sciences, nursing, public health, undergraduate programs in six College of Agricultural, Consumer and Environmental Sciences Departments, programs in the Department of Journalism, science programs in Liberal Arts and Sciences, programs in the Department of Advertising; selected graduate programs in the Liautaud Graduate School of Business, Business Administration, Agriculture and Applied Economics, Accountancy, Architecture in Health Design, Architecture Design Criticism, Museum and Exhibition Studies, Biomedical Visualization, Computing and Information Technology, Energy Engineering, Financial Engineering, Health Administration, Health Technology, Health Care Administration, Human Resources and Industrial Relations, Law, Information Sciences, Medical Biotechnology, Occupational Therapy, Public Health, Public Administration, Social Work, Urban Education Leadership, Urban Planning and Policy; and the professional programs in Dentistry, Law, Master of Studies in Law, Medicine, Pharmacy, Physical Therapy and Veterinary Medicine pay charges higher than those for other students. Again, these differences generally reflect instructional cost variations.

By campus, e.g., undergraduate and graduate students at Urbana-Champaign pay tuition rates greater than those at Chicago and Springfield.

By distance education program, this includes a three tiered tuition structure for off-campus students at the Urbana-Champaign campus, a base tuition rate, a higher professional program rate, and a variety of program specific rates.

Online tuition, a tuition rate associated with online courses and degree programs at the campuses.

By entering cohort, beginning no later than the fall semester of 2004, tuition for an Illinois resident undergraduate student will be guaranteed (will not increase) for a period of at least four consecutive years after that student's initial enrollment in a degree program at an Illinois public university. An excerpt of the statute pertaining to the University of Illinois, which was signed into law by Governor Blagojevich in July 2003, is listed on page 5. The University of Illinois Undergraduate Guaranteed Tuition policy is located at https://www.uaps.uillinois.edu/student_programs/guaranteed_tuition.

Basic Definitions: Fee and Assessment Charges

Generally, student fees and assessments are charged for two purposes:

Instructional fees are charged for unique instructional requirements which apply only to students in specific programs, e.g., lab fees for science courses.

Non-instructional fees are charged for student-oriented programs, activities, and facilities. These fees usually apply to all students. The fee structures at each University of Illinois campus are quite similar, although not identical. Non-instructional fees include:

A service fee, which is composed of categories for salaries, programming, general expenses, and utilities for Auxiliary Service units such as student unions, campus recreation, or athletics.

A general fee, which is composed of four fixed and mandatory transfer components: debt service, renewals, and replacements (R&R), Campus administrative charges, and general University charges.

A hospital/medical fee, which supports student health services.

A student health insurance fee, which is assessed all eligible students unless evidence of comparable health insurance coverage is provided.

An Academic Facilities Maintenance Fund Assessment, which is to help address the deferred maintenance backlog in academic facilities.

The Academic Facilities Maintenance Fund Assessment (AFMFA) is a student charge that goes towards repair and renovation of academic facilities. Approved by the Board of Trustees on 11 April 2006, the AFMFA was introduced in FY 2007 for an initial ten-year period, during which (as per Board policy) its rate increased each year by a percentage equal to the inflation rate for building repair and replacement costs as determined by authoritative external sources. In 2015, because assumptions on

capital state support and deferred maintenance needs had not materialized, upon the administration's recommendation the Board of Trustees approved the continuation of the AFMFA in FY 2017 and beyond, including its use for debt service, with annual reviews of the level of the Assessment by the Board of Trustees. Starting in FY 2017, the AFMFA rate will be set according to the current and anticipated needs for deferred maintenance of academic facilities across the University, to the availability of revenues from other sources to fund such deferred maintenance, as well as to overall student affordability.

A library information technology fee, which will be used to aid in the transition towards electronic media and digitalization, increase library hours, improve information technology services, strengthen opportunities for research technology and assistance, create and improve the tools for online learning/research, increase the positions focused on direct support of student learning and services, and enhance access to both electronic and print material collections.

In addition to these general categories, each campus has more specialized student fees. For example: students at Urbana-Champaign pay a transportation fee to acquire local bus service and maintain the SafeRides system; students at Urbana-Champaign pay a student initiated fee which will be used to support cultural programming, student legal service and registered student organizations, programming at the Krannert Center for the Performing Arts, the Legacy Scholarship, a sustainable campus environment, study abroad, a Collegiate Readership program, and energy technologies and students at Springfield are assessed a recreation center fee and an athletic fee to support intercollegiate athletics. Students at the Chicago and Springfield campuses also pay a refundable fee to provide for a student-to-student assistance program.

Basic Definitions: Room and Board Charges

Room and board charges are set at rates sufficient to cover operating costs for the housing divisions at each campus. Normal operational factors such as salaries and wages, utilities, supplies and food stocks, and building maintenance, repair and renovation are included. In addition, the housing divisions cover an array of student programming activities of both an academic and recreational nature.

Establishing Rates and Collecting and Spending Tuition Revenue

The University of Illinois Board of Trustees has the statutory authority to set tuition rates for University of Illinois students and to collect funds based upon those rates. Beginning in FY 1997, with a change in State Statute, public universities have the authority to retain and expend locally held tuition revenue as well. Prior to FY 1997 institutions were required to deposit tuition revenue in the State Treasury and receive an appropriation before it could be expended. For public universities as a group, tuition revenue represents nearly 57% of the former

“appropriated funds” operating budget comprised of State tax funds and tuition revenue. Since State tax funds remain such large a fraction of this total, the General Assembly and the Governor remain active participants in decisions about tuition levels through their ability to control tax appropriations for universities.

State statute also provides that the IBHE advise both the General Assembly and the Governor on budgetary matters for colleges and universities, keeping the IBHE another active participant in the tuition and fee setting process.

Board of Trustees Policy Statements on Tuition

Given the prominence of tuition issues, a section on tuition policy and planning issues was incorporated into the "University of Illinois FY 1992 Budget Request for Operating and Capital Funds," approved by the Board of Trustees on September 13, 1990.

In November 1990 the Board of Trustees reviewed a set of Tuition Principles which were used as the basis for University of Illinois testimony before the Joint Legislative Committee on College Tuition of the Illinois General Assembly. In July 1993 and again in August 1995, the Board convened a retreat to review tuition planning issues and updated a set of guidelines which form the underlying basis of the University's tuition program. Following that Board retreat, the Trustees reviewed a set of Tuition Policy Guidelines, which are reprinted on page 7. These guidelines were further revised with additional guidance in January 2011. As a supplement to this policy in February of 2003 the Board reviewed “Ensuring Quality and Affordability: Tuition and Financial Aid at the University of Illinois” which reviewed affordability issues. The Financial Aid Policy & Guidelines were amended in November 2008 and September 2014.

Public Agenda for College and Career Success

Initiated by the Illinois General Assembly and conducted by the Public Agenda Task Force and the Illinois Board of Higher Education (IBHE). On November 21, 2008 the Task Force endorsed the Public Agenda and it was adopted by IBHE on December 9, 2008. The goals and recommendations are listed on page 10.

STATE OF ILLINOIS UNDERGRADUATE GUARANTEED TUITION PLAN
UNIVERSITY OF ILLINOIS
PA 96-1293

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The University of Illinois Act is amended by adding Section 25 as follows:

(110 ILCS 305/25 new)

Sec. 25. Limitation on tuition increase. This Section applies only to those students who first enroll after the 2003-2004 academic year. For 4 continuous academic years following initial enrollment (or for undergraduate programs that require more than 4 years to complete, for the normal time to complete the program, as determined by the University), the tuition charged an undergraduate student who is an Illinois resident shall not exceed the amount that the student was charged at the time he or she first enrolled in the University. However, if the student changes majors during this time period, the tuition charged the student shall equal the amount the student would have been charged had he or she been admitted to the changed major when he or she first enrolled. An undergraduate student who is an Illinois resident and who has for 4 continuous academic years been charged no more than the tuition amount that he or she was charged at the time he or she first enrolled in the University shall be charged tuition not to exceed the amount the University charged students who first enrolled in the University for the academic year following the academic year the student first enrolled in the University for a maximum of 2 additional continuous academic years.

Note: The University of Illinois Undergraduate Guaranteed Tuition policy is located at https://www.uaps.uillinois.edu/student_programs/guaranteed_tuition.

RESOLUTION REGARDING ACADEMIC YEAR TUITION RATE RECOMMENDATIONS
APPROVED BY THE BOARD OF TRUSTEES JANUARY 20, 2011

The Board of Trustees has discussed frequently and in great detail the University's resource needs with a focus on three major areas: (1) sustaining academic quality; (2) addressing crucial operational needs; and (3) meeting inflationary and other essential cost increases. The Board continues to express significant concern regarding tuition and affordability at the University, especially in light of diminished State support, competition, differential costs among academic disciplines, mandatory cost increases, and financial aid to students.

In recent years, resources from the State of Illinois have declined dramatically, both with regard to levels of appropriation and timeliness of payments. As such, cash flow has emerged as a constant and critical concern. Future State appropriations and funding for the University remain uncertain. Critical high priority expenditures include continuing cost increases, increasing financial aid to insure access for qualified students, and retaining our productive and highly valued faculty and staff. The University has instituted unprecedented measures to conserve resources, including mid-year spending cuts, mandatory furlough days for faculty and staff, hiring restrictions, administrative reorganization, program elimination, and other actions.

In considering the tuition recommendation for each academic year in light of fiscal realities, the Board seeks to maintain and enhance this State's long-standing commitment to adequately fund the University and to retain its esteemed reputation while ensuring access to its renowned academic programs. In 1995, the Board confirmed certain tuition policies and guidelines to be considered by the administration when proposing tuition charges to students. It is the Board's desire to supplement existing tuition setting policies and guidelines at the University for the purpose of objective determination and predictability of tuition rates.

Therefore, the Board resolves that beginning with the 2011-2012 academic year and each succeeding academic year, any tuition rate increase recommendation from the president, in consultation with the senior administrative leadership, shall include a comparison to the most recent four-year average annual rate of inflation using an appropriate, nationally recognized price index. The impact of any increase or reduction in the State's general revenue fund appropriation from the prior fiscal year appropriation amount shall also be presented, compounded to the guaranteed rate. The University's ongoing costs reduction efforts shall be taken into account when determining any tuition rate recommendation. Once the tuition recommendation is determined, it shall be submitted to the Board for approval.

TUITION POLICY AND GUIDELINES
REVIEWED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS IN OCTOBER 1995

The University of Illinois Board of Trustees upon recommendation by the Administration sets tuition charges to students according to the following considerations:

The three campuses of the University of Illinois serve different groups of students, incur different costs and are differently perceived as to a reasonable price for their degrees. Tuition charges will therefore vary among campuses, as may the rate of tuition charge increase in any year.

Because student access to the University of Illinois is a high priority, tuition decisions are made in relationship to financial aid policy and resources, with the goal of minimizing financial barriers for all admitted students.

Students and families should bear a fair share of their costs of higher education.

Insofar as tuition revenue supplements state general funds in support of university programs, tuition charges will respond to variations in state support.

Relevant cost and price indices include the CPI, HEPI, Illinois disposable income and tuition charges at peer institutions.

Tuition charges are expected to be higher for graduate programs than for undergraduate programs and even higher for first-professional graduate degree programs that are in highly remunerated professions or are very costly to offer.

Tuition charges to non-resident students should cover the cost of instruction. Refinement of cost-of-instruction measures may lead to changes in that ratio, or supersede it. At the graduate level, this ratio may not be applied due to higher resident charges or competitive pressure from peer institutions.

UNDERGRADUATE FINANCIAL AID POLICY AND GUIDELINES
REVIEWED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS
IN JULY 2004 AND AMENDED IN NOVEMBER 2008 AND SEPTEMBER 2014

Guiding Principles for Undergraduate Financial Aid:

The fundamental purposes of financial aid are (1) to provide access to the University of Illinois' undergraduate programs for students from the State of Illinois who are academically deserving of admission and (2) to ensure the University's competitiveness with its peers in recruiting the best students to its undergraduate programs. Typically, financial aid that is provided by external sources, such as State programs (MAP) and Federal programs (Pell), is complemented with University of Illinois need-based financial aid (referred to therein as Supplemental Financial Aid) and merit-based aid in order to achieve these objectives. Consequently:

The University of Illinois will make every effort to enable qualified students who cannot afford the cost of a university education, as determined by federal financial need, to participate in its programs of study.

Students who can afford to pay the full price of tuition and fees are expected to do so. Such students will still be eligible for merit scholarships.

Students who cannot afford to pay the full price will be offered a combination of grants and loans from various sources appropriate to their financial circumstances.

The University will control its costs through control of the length of study for which it will support students from institutional funds and of the proportion of loans to grants made from institutional funds.

Each campus will determine eligibility for financial aid based on a number of criteria. Good academic progress toward degree completion is an essential feature.

Supplemental Financial Aid (Need-Based):

Supplemental Financial Aid grants will be derived from institutional funds, as well as from auxiliary enterprise and self-supporting funds.

These grants will be awarded to Illinois resident undergraduates, and generally be limited to the first four years (eight semesters), with an additional year available at the discretion of each campus.

The financial aid officers, in consultation with the campus academic leaders, will develop specific campus policies for awarding Supplemental Financial Aid grants to their undergraduate students. Grants to individual students will be adjusted, within the constraints of campus policy and available resources, as circumstances warrant to best serve these students and their families.

On a yearly basis, the University will review and set Supplemental Financial Aid budgets on the campuses in relation to resident tuition and mandatory fees collected during the academic year, and will assess the effectiveness and the financial viability of financial aid programs. On average, each campus will increase its supplemental financial aid pool by a percentage that is greater than or equal to the percent increase in resident undergraduate tuition and mandatory fee income, provided student unmet financial needs warrant such increase, and provided such increase does not impair the University's core missions and functions.

This information will be reported to the Board of Trustees on a yearly basis in order to ensure that Supplemental Financial Aid expenditures at each campus are appropriate and that financial aid programs are effective in meeting the objectives.

Summary:

The supplemental financial aid program will continue to be monitored and evaluated, in conjunction with multiple sources of student aid, student need, and student progress, in order to maximize its benefit to the students.

IBHE PUBLIC AGENDA FOR COLLEGE AND CAREER SUCCESS

Goal 1: Increase educational attainment to match best-performing U.S. states and world countries.

Recommendation 1: Increase success of students at each stage of the P-20 education pipeline to *eliminate achievement gaps* by race, ethnicity, socioeconomic status, gender, and disability.

Recommendation 2: Increase the number of adults, including GED recipients, reentering education, and completing a postsecondary credential.

Recommendation 3: Reduce geographic disparities in education attainment.

Goal 2: Ensure college affordability for students, families and taxpayers.

Recommendation: Make Illinois one of the five most affordable states in the country measured in terms of a) the percent of family income required to pay net cost of attendance for low- and middle-income families, and b) the average amount of debt per undergraduate student.

Goal 3: Increase number of quality postsecondary credentials to meet the demands of the economy.

Recommendation 1: Increase the number of people with quality postsecondary credentials to ensure the state has an educated workforce and an engaged citizenry.

Recommendation 2: Improve transitions all along the education pipeline, including from adult education to postsecondary education, from remedial classes to degree-bearing coursework, and from associate to baccalaureate degree levels.

Recommendation 3: Increase the number of postsecondary degrees in fields of critical skills shortages, such as, initially, Nursing, Allied Health and Information Technology.

Goal 4: Better integrate Illinois' educational, research, and innovation assets to meet economic needs of the state and its regions.

Recommendation: Boost Illinois into the ranks of the five states with the fastest growing economies through cutting-edge research, technology transfer, workforce training, innovation education, and a culture of entrepreneurship.

MIDDLE CLASS IMPACT OF TAX INCENTIVES FOR HIGHER EDUCATION

Middle class families in Illinois have tax credits and deductions available to them related to educational expenses that may offset the impact of a tuition increase:

Educational Credits

There are two education credits available: the American Opportunity Tax Credit (<https://www.irs.gov/Individuals/AOTC>) and the Lifetime Learning Credit (<https://www.irs.gov/Individuals/LLC>). There are several differences and some similarities between the American Opportunity Tax Credit (AOTC) and the Lifetime Learning Credit (LLC). You can claim both benefits on the same return but not for the same student or same qualified expenses.

The American Opportunity Tax Credit is a credit for qualified education expenses paid for an eligible student for the first four years of higher education. One can get a maximum annual credit of \$2,500 per eligible student. If the credit brings the amount of tax owed to zero, one can have 40 percent of any remaining amount of the credit (up to \$1,000) refunded.

To be eligible for AOTC, the student must: Be pursuing a degree or other recognized education credential, be enrolled at least half time for at least one academic period beginning in the tax year, not have finished the first four years of higher education at the beginning of the tax year, not have claimed the AOTC or the former Hope credit for more than four tax years, and not have a felony drug conviction at the end of the tax year.

The Lifetime Learning Credit is for qualified tuition and related expenses paid for eligible students enrolled in an eligible educational institution. This credit can help pay for undergraduate, graduate and professional degree courses--including courses to acquire or improve job skills. There is no limit on the number of years the credit can be claimed. It is worth up to \$2,000 per tax return.

To be eligible for LLC, the student must: be enrolled or taking courses at an eligible educational institution, be taking higher education course or courses to get a degree or other recognized education credential or to get or improve job skills, and be enrolled for at least one academic period beginning in the tax year.

Deduction of Student Loan Interest

If an individual paid interest on a federal student loan during the tax year, meets the filing status, income limits, and cannot be claimed as a dependent he or she may reduce the gross income by the interest paid up to \$2,500.

Tax Free Treatment of Canceled Student Loans

Generally, if an individual is responsible for making loan payments, and the loan is canceled (forgiven), one must include the amount that was forgiven in gross income for tax purposes. However, if the student loan is canceled, one may not have to include any amount in income. To qualify for tax-free treatment, the loan must contain a provision that all or part of the debt will be canceled if you work: for a certain period of time, in certain professions, and for any of a broad class of employers. The loan must have been made by a qualified lender to assist the borrower in attending an eligible educational institution.

Tax Free Coverdell ESA

Contributions to a Coverdell ESA are not deductible, but amounts deposited in the account grow tax free until distributed. Generally, distributions are tax free if they are not more than the beneficiary's adjusted qualified education expenses for the year. Any distributions in excess of qualified educational expenses are taxable.

Qualified Tuition Program (QTP)

A qualified tuition program (also known as a 529 plan or program) is a program set up to allow one to either prepay, or contribute to an account established for paying a student's qualified education expenses at an eligible educational institution. No tax is due on a distribution from a QTP unless the amount distributed is greater than the beneficiary's adjusted qualified education expenses.

Illinois Reduction for 529 Contributions

The State of Illinois allows deductions for contributions to the “Bright Start” and “Bright Directions” college savings pool and “College Illinois” prepaid tuition trust fund. Contributions to any other 529 programs do not qualify. College IL is not currently open to new investments.

Early Distributions of IRA Without Penalty

Generally, if an individual takes a distribution from an IRA before age 59½, he or she must pay a 10% additional tax on the early distribution. However, one can take distributions from IRAs for qualified education expenses without having to pay the 10% additional tax. He or she may owe income tax on at least part of the amount distributed, but may not have to pay the 10% additional tax. Generally, distributions in an amount not more than the individual’s adjusted qualified educational expenses are the portion that does not require the additional 10% tax.

Savings Bond Interest Exemption

If an individual cashed series EE or I US savings bonds during the tax year that were issued after 1989 he or she may be able to exclude all or part of the interest from gross income. The bonds must have been issued in the individual’s (or spouse’s) name and he or she must have been at least 24 years old before the bonds were issued. Bonds purchased by a parent issued in the name of the child do not count for the exclusion. In addition, the individual must have paid qualifying higher education expenses during the tax year and meet the filing status and income requirements.

Tax Free Educational Benefits from Employer

If an individual receives educational assistance benefits from his or her employer under an educational assistance program, up to \$5,250 of those benefits may be excluded from his or her income each year.

Business Deductions for Self Employed

If self-employed, an individual can deduct expenses for qualifying work-related education expenses directly from the self-employment income. This reduces the amount of income subject to both income and self-employment tax. Employees who itemize their deductions may also deduct work-related education expense provided they exceed 2% of the adjusted gross income.

Parental Personal Exemption for Dependent Students Age 19 To 24

The IRS is paying \$3,600 total per child to parents of children up to five years of age. That drops to \$3,000 for each child ages six through 17. Half of the total is being paid as six monthly payments and half as a 2021 tax credit. So parents of a child under six receive \$300 per month, and parents of a child six or over receive \$250 per month. The IRS has made a one-time payment of \$500 for a dependent age 18 or full-time college student up through age 24.

Data Tables

The remaining sections of this document present a variety of information which is intended to respond to frequently asked questions about the University's tuition and fee charges. Tables are included to show specific tuition, fees and room and board data for the past ten years. A number of institutional comparisons are also provided. Instructional cost information is presented, along with several detailed displays of financial assistance data.

STUDENT COSTS

STUDENT COSTS

- ▶ Beginning with the Fall 2004 term, tuition for Illinois resident undergraduate degree-seeking students is guaranteed for a period of at least four consecutive years after a student's initial enrollment in a degree program. The University policy for this statutory program is listed at <https://www.uaps.uillinois.edu/>.
- ▶ Students whose guarantee expires at the end of the four years will be placed in the immediately following cohort for tuition rate purposes, including students who are in differential rate programs for two years. Students who entered 2021-22 will now pay the 2022-23 assessment beginning with the summer 2025 term.
- ▶ Beginning in Fall 2010 all international undergraduate students at Urbana are assessed a tuition surcharge. There is an additional surcharge for international students in Engineering, Business, Liberal Arts and Sciences, and Information Sciences. These funds are used to offset the increasing costs of international enrollments and for improving the academic programs in the college in which the students enroll.
- ▶ UIUC and UIC have a number of undergraduate and graduate tuition differentials. New tuition differentials in the last five years are as follows:
 - EdD in Urban Education Leadership – 2019-20, UIC
 - Master of Jurisprudence – 2019-20, UIC
 - BS in Information Sciences – 2020-21, UIUC
 - Master of Agriculture and Applied Economics – 2020-21, UIUC
 - MS in Health Administration – 2020-21, UIUC
 - MS in Health Technology – 2020-21, UIUC
 - BS in Kinesiology – 2022-23, UIUC
 - BS in Economics – 2022-23, UIUC
 - Master HRIR – 2023-24, UIUC
- ▶ The universities offer 179 online programs, 79 at UIUC, 23 at UIC and 77 at UIS.
- ▶ Fees provide for partial operating support and for debt service payments for various student auxiliary service entities, exclusive of housing. When the mandatory fees for entering students are compared between 2023-24 and 2024-25, the rates increased by 1.4% at UIUC, by 0% at UIC, and 0% at UIS.
- ▶ Residence hall rates tend to change each year to meet inflationary cost increases in goods and services and to support some measure of program development. Typical double room and board rates for AY 2024 increased by 5% at UIUC, 5% at UIC and 1% at UIS.

- The campus Offices of Student Financial Aid estimate annual full-time undergraduate costs for attending the University in 2024-25 as \$35,846 at UIUC for an entering resident student, \$23,176 at UIC for an entering commuter, and \$30,960 at UIS for an entering resident student.

¹Re-classified as a Professional Practice Doctorate effective Fall 2014

²UIC changed the assessment rate beginning in Fall 2016

TABLE 8
ONLINE DEGREE PROGRAM¹ TUITION SCHEDULES, URBANA-CHAMPAIGN, 2024-25

Degree Program	Tuition Schedule	Tuition Rates (per credit hour)
Bachelor of Science in Early Childhood Education:Professional Education-Licensure	Base Under Grad	\$424
Bachelor of Science in Early Childhood Education:Professional Education-Non-Licensure	Base Under Grad	\$424
Master of Science in Crop Sciences	Base + Differential	\$755
Master of Science in Food Science and Human Nutrition	Base + Differential	\$755
Master of Education in Special Education	SPED	\$1000 FLAT
Master of Science in Civil Engineering	Engineering	\$1,160
Master of Science in Industrial Engineering	Engineering	\$1,160
Master of Science in Mechanical Engineering	Engineering	\$1,160
Master of Science in Natural Resources and Environmental Sciences	Base + Differential	\$755
Master of Science in Environmental Engineering	Engineering	\$1,160
Master of Human Resources & Industrial Rels.	HRIR	\$770
Master of Science in Social Work	MSW: Social Work	\$598
Certificate of Advanced Study in Library and Information Science	Information Sciences	\$680 (resident) / \$941 (non-resident)
Master of Science in Library and Information Science	Information Sciences	\$680 (resident) / \$941 (non-resident)
Master of Science in Recreation, Sport and Tourism	Base + Differential	\$755
Master of Science in Aerospace Engineering	Engineering	\$1,160
Master of Science in Teaching of Biological Science	Base Grad	\$520
Master of Science in Health Communication	Base + Differential	\$755
Master of Arts in Translation & Interpreting	MA: Translation & Interpretation	\$1,201
Doctor of Education in Educational Policy Studies	Base Grad	\$520
Master of Education in Educational Policy Studies	Base Grad	\$520
Master of Education in Educational Policy Studies (Off campus)	Base Grad	\$520
Master of Science in Architectural Studies, Structures	FAA	\$597
Master of Science in Agricultural Leadership, Education & Communications	Base Grad	\$520
Certificate of Advanced Study in Social Work Schools Specialization	Social Work	\$598
Master of Business Administration	iMBA	\$347
Bachelor of Science in Earth, Society & Environmental Sustainability	Base Under Grad	\$424
Bachelor of Science in Social Work (Off campus)	BSW Social Work	\$490
Master of Education in Human Resource Education - Human Resource Development	Base Grad	\$520
Master of Animal Sciences	Base + Differential	\$755
Master of Engineering in Mechanical Engineering	Engineering	\$1,160
Master of Engineering in Electrical & Computer Engineering	Engineering	\$1,160
Master of Engineering in Energy Systems	Engineering	\$1,160
Master of Strategic Brand Communications	Strategic Brand Communications	\$959

¹In addition to the online degree programs the campuses offer many online campus certificate programs and online coursework.

Certificate in EPOL-Intl Ed Leader	Base Grad	\$520
Certificate in EPOL-LearnDesignLead	Base Grad	\$520
Certificate in Arch-HealthWellbeingDesign	FAA (added May 2023)	\$597
Certificate in EPOL-InstructSysDesign	Base Grad	\$520
Certificate in HR Data Analytics	HRIR	\$770
Certificate in Fundamentals of HR	HRIR	\$770
Certificate in Compensation Best Practices	HRIR	\$770
Certificate in Accounting Foundations	iMSA	\$850
Certificate in CPA Pathways	iMSA	\$850
Certificate in Business Analytics	General Management Online	\$347
Certificate in Mergers & Acquisitions	General Management Online	\$347
Certificate in Land, Agriculture & Alt Investing	Base + Differential	\$755
Certificate in Dairy Nutrition	Base + Differential	\$755
Certificate in Wetland Science&Conservation	Base + Differential	\$755
Certificate in Food Regulations & Personal Nutrition	Base + Differential	\$755
Certificate in Agribusiness Sustainable Food Economics	General Management Online	\$347
Certificate in Inclusive by Design in RST	Base + Differential	\$755

¹In addition to the online degree programs the campuses offer many online campus certificate programs and online coursework.

TABLE 9
ONLINE DEGREE PROGRAM¹ TUITION SCHEDULES, **CHICAGO**, 2024-25

Degree Program	Tuition Schedule	Tuition Rates
Bachelor of Science in Health Information Management	E-Tuition	\$500 per credit hour
Bachelor of Science in Nursing - R.N. Completion	UIC Online	\$330 per credit hour
Bachelor of Business Administration - Completion	UIC Online	\$412 per credit hour Summer 2018 or later
Doctor of Nursing Practice (DNP)	E-Tuition	\$810 per credit hour
Doctor of Public Health (DrPH)	E-Tuition	\$991 entered Fall 2019 and after; \$890 entered prior to Fall 2019.
Master of Science in Patient Safety Leadership	UIC Online	\$789 per credit hour
Master of Engineering	E-Tuition	\$896 per credit hours
Master of Health Professions Education	E-Tuition	\$838 per credit hour
Master of Public Health - Community Health Sciences Concentration	E-Tuition	\$730 per credit hour
Master of Public Health - Health Policy and Administration Concentration	E-Tuition	\$730 per credit hour
Master of Public Health - Public Health Informatics Concentration	E-Tuition	\$760 per credit hour
Master of Education in Measurement, Evaluation, Statistics, and Assessment	E-Tuition	\$793 per credit hour
Certificate in Health Information Management	E-Tuition	\$750 per credit hour
Master of Science in Health Information Management	E-Tuition	\$750 per credit hour
Master of Science in Health Informatics	E-Tuition	\$750 per credit hour
Master of Science in Public Health – Public Health Informatics Concentration	E-Tuition	\$760 per credit hour
Certificate of Advanced Study in Health Informatics	E-Tuition	\$750 per credit hour
Executive Master of Healthcare Administration	E-Tuition	\$1,250 (capped at a maximum of \$15,000 per semester of 12 hours)
MS in Comparative Effectiveness Research	E-Tuition	\$793 per credit hour
Master of Business Administration (MBA)	E-Tuition	\$857 per credit hour
Master of Public Administration (MPA)	E-Tuition	\$407 per credit hour
Master of Science in Marketing	E-Tuition	\$857 per credit hour
PhD in Health Professions Education	E-Tuition	\$925 per credit hour

¹In addition to the online degree programs the campuses offer many online campus certificate programs and online coursework.

TABLE 10
ONLINE DEGREE PROGRAM^{1,2} TUITION SCHEDULES, **SPRINGFIELD**, 2024-25

Degree Program	Tuition Rates
	<u>Undergraduate Rates</u>
Bachelor of Arts in Criminology and Criminal Justice	FY 2024 thru FY 2025 \$367.50 per credit hour
Bachelor of Arts in Communication	FY 2023 thru FY 2024 \$367.50 per credit hour
Bachelor of Arts in Economics	FY 2022 thru FY 2023 \$367.50 per credit hour
Bachelor of Arts in English	FY 2021 thru FY 2022 \$362.00 per credit hour
Bachelor of Arts in International and Global Studies	FY 2020 thru FY 2021 \$362.00 per credit hour
Bachelor of Arts in International and Global Studies - Diplomacy and International Relations	FY 2019 thru FY 2020 \$358.50 per credit hour
Bachelor of Arts in International and Global Studies -Global Affairs and Development	Continuing \$312.25 per credit hour (Term of Entry Prior to FY 19)
Bachelor of Arts in History	
Bachelor of Arts in World History	
Bachelor of Arts in Liberal Studies	
Bachelor of Arts in Philosophy	
Bachelor of Arts in Political Science	
Bachelor of Arts in Psychology	
Bachelor of Arts in Mathematical Sciences	<u>Graduate Rate</u>
Bachelor of Arts in Public Administration	FY 2022 thru FY 2025 \$365.75 per credit hour
Bachelor of Arts in Secondary Education - History	Master of Science in Computer Science is charged \$407.00 per credit hour
Bachelor of Arts in Secondary Education - Mathematics	Master of Science in Management Information Systems is charged \$407.00 per credit
Bachelor of Arts in Secondary Education - English	Master of Science in Cybersecurity Management is charged \$424.75 per credit hour
Bachelor of Arts in Middle Grades Education	Master of Science in Human Resource Management is charged \$424.75 per credit
Bachelor of Arts in Public and Nonprofit Administration	Master of Science in Finance is charged \$424.75 per credit hour
Bachelor of Arts in Public and Nonprofit Administration - Child Advocacy Studies	Master of Business Administration is charged \$424.75 per credit hour
Bachelor of Arts in Public and Nonprofit Administration - Environment and Society	Master of Science in Health Care Informatics is charged \$424.75 per credit hour
Bachelor of Arts in Public and Nonprofit Administration - Global Public Health	
Bachelor of Business Administration	
Bachelor of Business Administration - Management	
Bachelor of Business Administration - Economics	
Bachelor of Business Administration - HR Management	
Bachelor of Science in Computer Science

INSTITUTIONAL COMPARISONS

INSTITUTIONAL COMPARISONS

BIG TEN INSTITUTIONS

Undergraduate general base tuition and mandatory fee rates at the University of Illinois Urbana-Champaign (UIUC) during 2024-25 are \$1,695 above the public Big Ten average.

Excluding the health insurance, UIUC ranked second in 2015-16 and seventh in 2024-25 in terms of undergraduate tuition and mandatory fees.

Since 2015-16, UIUC residence hall rates have increased by an average of \$334 or 2.7% per annum and the average residence hall rates of the other Big Ten Universities increased by \$416 or 3.4%. Comparison of residence hall rates is not as straight forward as that of tuition and fees because of differing meal plans and varying levels of service provided.

Six year graduation rates are above national averages at UIUC and the UIUC graduation exceeds that of their Big 10 peer average.

ASSOCIATION OF AMERICAN UNIVERSITIES (AAU) PUBLIC INSTITUTIONS

Between AY 2015 and AY 2025 UIUC has experienced a 2.4% change in undergraduate tuition and mandatory fees compared to the AAU average of 22.8%, ranked thirty-second among the thirty-four public AAU universities. Over the last year, the general 4-year guaranteed tuition and mandatory fees at UIUC increased by 2.4% compared to the overall public AAU average of 3.3%.

In AY 2025 undergraduate tuition and mandatory fee rates at UIUC ranked 13/34, \$1,781 above the AAU mean.

DASHBOARD PEER INSTITUTIONS

Rates in 2024-25 at UIUC increased 0% compared to an overall peer average of 2.3%. In AY 2025 UIUC ranks third in tuition and mandatory fees, \$2,888 above the mean. UIUC undergraduates will pay \$16,004 in general entering undergraduate tuition and mandatory fees in AY 2025.

Over the last year, UIC undergraduate rates increased by 0% compared to the overall peer average of 4.2%. In AY 2025, UIC tuition and mandatory fee rates (excluding health insurance) are \$14,338, ranking third, and \$1,151 above the peer group mean.

The UIS increased undergraduate entering tuition and fees by 0% over the last year compared to 3.0% for the overall peer group. Tuition and fees (excluding health insurance) at UIS are \$12,252 in AY 2025 ranking fourth, \$463 above the mean.

ILLINOIS PUBLIC UNIVERSITIES

As part of an overall reorganization of higher education in Illinois, effective January 1, 1995, the Board of Governors and the Board of Regents were dissolved. Individual Boards now govern seven of the eight institutions. The eighth institution, Sangamon State, became the University of Illinois Springfield on July 1, 1995.

By State statute all Illinois Public Universities beginning with the Fall 2004 term, must guarantee tuition rates for four continuous academic years following initial enrollment in a degree program.

HOUSE RESOLUTION 4

In April 2011, the Illinois House passed House Resolution 4 which requested the Illinois Board of Higher Education (IBHE) to conduct an analysis of out-of-state tuition and fees charged by the University of Illinois in comparison to those charged by flagship schools in bordering states. This analysis, completed pursuant to House Resolution 4, examines undergraduate out-of-state tuition and fees (excluding tuition differentials), enrollment figures, freshmen financial aid statistics (in-state and out-of-state), state appropriations and revenues generated by tuition and fees (all students) the University of Illinois Urbana - Champaign (UIUC), Indiana University at Bloomington, University of Iowa, University of Kentucky, University of Missouri at Columbia, and University of Wisconsin at Madison.

This study included a review of data and reports from the College Board, Illinois Postsecondary Education Data System (IPEDS), and the Midwestern Higher Education Compact (MHEC). Prior to submission, this report was provided to the University of Illinois Urbana - Champaign for review. The report is located at <https://www.mhec.org/>.

¹Amounts shown reflect the 4-year guaranteed tuition rates for entering students. Health Insurance Fee included for comparison purposes.

²Amounts shown reflect rates for students enrolled for 15 credit hours per term.

INSTRUCTIONAL COSTS

INSTRUCTIONAL COSTS

- ▶ Illinois public universities annually participate in a Statewide "Cost Study" designed by the IBHE. The study apportions total appropriated fund expenditures to instruction, research, and public service functions. Instructional costs for the University of Illinois Urbana-Champaign, the University of Illinois Chicago, and the University of Illinois Springfield combined, on a full-time equivalent (FTE) student basis, have increased by 16.1% at the undergraduate level and -8.4% at the graduate level between FY 2014 and FY 2023. During the same period, the Higher Education Price Index, a measure of the cost of goods and services used in higher education, has increased by 29.2%.
- ▶ The Cost Study is a useful tool for comparing narrowly defined instructional costs among institutions. However, it is less well suited as a measure of total educational costs. Several significant measures of overall costs are omitted from the Cost Study. It does not include: faculty and staff retirement costs, health and other insurance benefits, institutional tuition waivers and scholarship assistance through the Illinois Student Assistance Commission (ISAC) and debt service on facilities.
- ▶ To provide a comprehensive measure for evaluating full instructional costs for education, these additional factors should be used in the calculation. IBHE Cost Study methodology calculates undergraduate instructional costs at the University to be \$13,462 in FY 2023. When full cost factors are incorporated into the calculation, instructional costs increase to \$26,712.

DIFFERENTIAL TUITION

DIFFERENTIAL TUITION

► The University of Illinois Urbana-Champaign has 14 undergraduate tuition differentials for AY24-25:

- Engineering \$5,264
- Chemistry and Life Sciences \$5,154
- College of Fine and Applied Arts \$1,628
- Business \$5,264
- Departments of Animal Sciences \$2,586
- Technical Systems Management Program \$2,586
- Department of Crop Sciences \$1,296
- Department of Natural Resources and Environmental Sciences \$1,296
- Department of Journalism \$780
- Department of Advertising \$780
- Department of Agricultural and Consumer \$1,630
- BS Information Sciences \$3,666
- Kinesiology \$400
- Economics \$2,538

► The University of Illinois Urbana-Champaign also assesses additional graduate differentials in the following programs for AY24-25:

- Master of Accounting Science and the M.S. in Accountancy-Tax \$12,928
- Department of Advertising \$804
- Business \$2,632, except those presently assessed a differential rate
- Chemistry and Life Sciences \$4,906
- College of Engineering and engineering curricula \$6,118
- Master of Science in Financial Engineering \$20,348
- Fine and Applied Arts \$1,150
- Master of Human Resources and Industrial Relations \$8,418
- Department of Journalism \$804
- Information Science \$526
- Graduate degree programs with a concentration in Professional Science Masters \$1,648
- Master of Public Health \$1,000
- Master of Social Work \$2,632
- MS in Health Administration \$1,000
- MS in Health Technology \$8,348

► The University of Illinois Chicago has 9 undergraduate tuition differentials for AY24-25:

- College of Engineering \$2,518
- College of Nursing \$4,478
- College of Architecture and the Arts \$2,640
- College of Business Administration \$2,584
- Bachelor of Science in Movement Sciences \$1,064
- Bachelor of Science in Health Information Management \$2,350
- College of Liberal Arts and Sciences \$1,836
- Bachelor of Science in Human Nutrition \$1,268
- Public Health \$2,000

► The University of Illinois Chicago also assesses additional graduate differentials in the following programs for AY24-25:

- Architecture & the Arts-Architecture \$6,084
- Architecture & the Arts-Art & Design \$5,038
- Architecture & the Arts-Art History \$3,674
- Master of Arts in Architecture Design Criticism \$4,402
- Biomedical Visualization \$8,076
- Liautaud Graduate School of Business \$9,430
- College of Engineering and engineering curricula \$4,598
- Master of Energy Engineering \$7,792
- Master of Health Care Administration \$10,294
- Nursing \$9,610
- Master of Arts in Museum and Exhibition Studies \$3,622
- Master of Science in Medical Biotechnology \$6,898
- Master of Science and Doctor of Occupation Therapy \$4,966
- Master's and doctoral students in Public Health \$4,536
- Master's and doctoral programs in Public Administration \$4,000
- Master's and doctoral programs in Urban Planning & Policy \$5,000
- Master's and doctoral programs in Social Work \$766
- Graduate science programs in the College of Liberal Arts and Sciences \$1,854
- Masters Physiology for Therapeutic Development (new fall 2022) \$10,000
- Master of Kinesiology \$1,280
- Master of Nutrition \$1,280

- ▶ In 2024-25 MBA students will pay additional tuition of \$12,590 at UIC over general graduate rates.
- ▶ Both UIUC and UIC have a number of graduate and professional level programs that are full cost recovery and/or self-supported programs. These programs have their tuition set to be supported by tuition and fees only and receive no direct state subsidy.

FINANCIAL AID

FINANCIAL AID

- ▶ **When all forms of student assistance, except loans and employment, were compiled for undergraduates in the Fall 2024 term, 47% of UIUC, 32% of UIC, and 18% of UIS students paid full tuition and fees.**
- ▶ 65% of Illinois resident students at Urbana, 70% at Chicago, and 83% at Springfield pay less than full tuition as the result of financial aid, excluding loans and employment.
- ▶ The Federal Pell Grant program provides aid to meet educational and living costs beyond tuition and fees. The average award per recipient of such Federal grants in FY 2024, were \$5,857 at UIUC, \$5,444 at UIC and \$4,892 at UIS. In FY 2024, two-fifths of UIUC, one-half of UIC, and one-half of UIS undergraduate students received Federal Direct loans. These loan programs averaged \$11,927, \$10,058, and \$7,428, respectively, per recipient.
- ▶ The "State" scholarships or grants to undergraduate students represent primarily Illinois Student Assistance Commission (ISAC) awards which are based upon financial need and merit. The average ISAC need-based Monetary Award Program (MAP) grant in FY 2024 varied from \$7,744 at UIUC, \$7,114 at UIC and \$6,018 at UIS.
- ▶ Tuition and mandatory fee rates for undergraduate students at UIUC and UIC surpassed the maximum MAP award beginning in FY 1996, \$58 and \$74, respectively. By FY 2024 the gap between entering full-time students and the maximum MAP award increased to \$9,240 at UIUC, \$7,676 at UIC and \$6,18 at UIS.
- ▶ Students may receive financial aid from gift assistance, loans, or employment. Approximately 77% of the undergraduate students Urbana-Champaign (UIUC), 84% of the undergraduate students Chicago (UIC), and 90% of the undergraduate students Springfield (UIS) were recipients of some form of financial aid during FY 2024.
- ▶ In Fall 1991, the General Assembly placed into law an Act to provide 50% tuition waivers for undergraduate education for children of employees of State-supported colleges and universities. In January 1998, this benefit became portable between Illinois Public Universities. In FY 2024, University of Illinois students received 974 children of employee waivers, 711 at UIUC, 233 at UIC and 30 at UIS.

TABLE 50
FINANCIAL AID "WHO PAYS" ANALYSIS
UNDERGRADUATE STUDENT ASSISTANCE
Fall 2025

Methodology:

- Data are reported for full-time undergraduate students, those taking at least twelve semester credit hours, scholarships, institutional awards, and grants, and tuition waivers. It includes both need-based and non need-based awards.
- Costs include tuition and mandatory fees assessed and exclude room and board charges.
- This analysis includes all forms of student assistance except loans and employment.

STATE TAX SUPPORT

STATE TAX SUPPORT

- ▶ The University of Illinois System has seen sharp fluctuations in direct state tax support over the past three decades, but particularly since FY 2002. In FY 1990 the State provided strong support to the System as part of general tax increase actions and between FY 1990 and FY 2001, the System enjoyed a period of moderate and stable increases in direct tax support.
- ▶ From a high-water mark in FY 2002, direct state appropriations to the University declined from \$803.6 million in FY 2002 to \$646.7 million in FY 2015 (excluding the transfer of the State Scientific Surveys). In FY 2016 and to date for FY 2017, the State had a budget impasse that significantly impacted the University. In FY 2016, the University received only \$180.1 million or approximately 27% of its state budget. In FY 2017, the State appropriated \$350.6 million in bridge funding which represents approximately 54% of the final FY 2015 funding level. In addition to the outright reductions in direct support, beginning in FY 2002, the University annually has \$24.9 million of its appropriation redirected back to the State to cover a portion of health insurance costs as well as mid-year cash rescissions in FY 2002, FY 2003, FY 2004, FY2009 and FY 2015. Finally, in FY2018 the general assembly passed a full budget that also included additional funding for FY 2017 expenses.
- ▶ In FY 2019, state funding for the System began to stabilize, however, nominal funding is still below levels seen in the mid-1990s. The System received a 2% general funds increase in FY 2019, 4.6% in FY 2020, and a supplemental 4.5% increase for FY 2022 late in the fiscal year. Funding for FY 2023 increased 0.8% but was related to two special legislative initiatives.
- ▶ Even with the return of more regular state appropriation increases, nominally, direct state support is still over \$100 million lower than in FY 2015. When adjusting for inflation, direct state appropriations are half of what they were twenty years ago. The cumulative loss in spending authority from rescissions, reductions, and redirections from FY 2002 to FY 2022 is over \$3.97 billion.
- ▶ Inconsistent direct state tax support to the System makes long term fiscal planning difficult. The key variable in achieving moderate and predictable tuition increases is adequate and stable direct state tax support.
- ▶ The System is more dependent upon tuition revenue today than it was in FY 2002. A decade ago, general funds state tax support represented 39.4% of the System's total state & Income funds budget, and tuition revenue (income fund) represented 60.3% of the total. X.X% of funding comes from other state tax funds that support specific operations.
- ▶ The State spent approximately \$9,310 less per University of Illinois student in FY 2022 than it did in FY 2000 when accounting for the impact of inflation and for changes in the mix of students enrolled.
- ▶ In a one-year comparison from FY 2020 - FY 2021 Illinois ranked 10th in changes in tax appropriations for higher education among the fifty states. Over a ten-year period, Illinois ranks 18th in changes in tax support.

- The state continues to provide indirect tax support in the form of payments made for pensions and benefits on our behalf. A large portion of the funding for pensions is related to the past underfunding, or legacy costs, and does not represent the normal pension costs.
